## Abundance Class Two with Beloved Asun

1. I am willing to release all judgmental thoughts and feelings against myself. I do not accept or tolerate this kind of inner thinking or feelings against myself.
2. If I have any animosity against anyone, I release that now, and see that person in a loving way, wishing that person happiness and success in their life.
3. I love to connect deep inside myself, to the core of my being where I can successfully release old habits and limiting core beliefs and emotions. It is also in this place where I can re-program my consciousness with all that I choose to embrace and experience
4. It is stated, 'Seek Ye first the Kingdom of God, and all things will be added unto you!' I live a fully integrated Spiritual Life, daily turning my love and attention to the greater that gives me life on Earth, so grateful for the gift of life, so grateful for the endowment of life that comes with all the resources necessary to live a divine and abundant life.
5. I love to think, to design, to plan, to feel, and to express in an expanded state of consciousness. Fear contracts my consciousness. I joyfully release all fear and all history of fear into the Sacred Fires of Purification, the Violet Flame.
6. I lovingly give myself 20 minutes a day to deeply program my consciousness with all that I desire to experience and create.
7. When I enter into the Violet Flames of my Presence each day, I surrender and release my experience of lack and limitation into those Violet Flames.
8. As I now understand that all experiences of limitation are actually old patterns and habits created and stored in the mind and feelings, I call upon my Beloved I AM Presence and the Angels of the Cosmic Christ Blue Flames to surge those loving purifying Flames into my mind and feelings to break up and dissolve all duality habits and patterns that create limitation.
9. I say yes to life and life says yes to me. This is my truth and I love to express it with as much feeling and conviction.
10. Attitude impacts how I think, how I feel, how I speak, how I respond. I am constantly evolving the most positive attitude that I stand by, no matter what the appearance world reflects to me. My right attitude will change the outer reflections in my life.

11. What I conceive I can achieve, what I feel I make real! I am the architect of all that occurs in my life. I love to design my life with an attitude of ease and grace.
12. I love the Art of Qualification. Every morning I predict my day, my week, my month, my year, and I love this precious time of the morning for quiet qualification of all that I am decreeing will unfold in my life.
13. Sometimes I think I know what I want. I will teach myself to feel what it is that desires to take place in my life. When my career or service path is not clear to me, I love to surrender it over to the God of my knowing for direction, guidance and intervention.
14. I love to create an amazing loving space in my heart. It is into this sacred space, that I surrender my concerns, my questions, and problems that occur.
15. I welcome the Magic Presence in my heart to be the divine solver of all that I place in my Heart's Sacred Space
16. Daily I contemplate my Miracle Mantle of Love's Mastery.
17. I have chosen and written my Abundance Affirmations. Daily I speak them deep into my being, sometimes quietly, sometimes speaking them out.
18. Daily I joyfully enter into the Radiant Rose Academy Group Abundance Affirmation: "I am a prosperous child of an abundant universe. All that I require for my growth and my ability to help others - physically, mentally and spiritually - is available to me. I am drawing to myself and to other students of the Radiant Rose Academy, and the Academy itself... an abundance of health, happiness, harmony, and financial freedom. I open to the flow of abundance in all areas of my life. My grateful heart draws abundance like a magnet. My days are filled with endless expressions of abundance."
19. Any right idea held in mind and governed harmoniously, will always produce exact and perfect results.

## Abundance Class Three with Beloved Asun

– Edited from the book, *The Infinite Way* by Joel S. Goldsmith

Do not strive or seek for heavenly riches in human consciousness. Wait! Wait!

Begin your spiritual life with the understanding that all conflicts must be settled within your consciousness.

There is never a conflict with person or condition, but rather a false concept mentally entertained *about* person, thing, circumstance, or condition. Therefore, make the correction within yourself, rather than attempting to change anyone or anything in the without.

Acknowledge God as the substance, law, cause, and activity of all that is, and immediately refrain from meddling physically or mentally in the without. Get back inside yourself, and there resolve all appearances

When living out from the center of Being, you are untouched by the thoughts, opinions, laws, and theories of the world. Nothing acts upon you because you do not react to the world of appearances.

In the spiritual life, you place no labels on the world. You do not judge as to good or evil, sick or well, rich or poor. While appearances may show forth harmony or discord, by not judging, you merely come to know I AM as *IS*, and let that which truly *IS* define Itself.

To live spirituality, is to know that all is; then do not name, label, define or judge what is. Be content to know *IS*, and let what *IS* reveal Its being, nature, and character to you, I AM.

Spiritual wisdom reveals the deep, clear, cool well of contentment within you through your recognition of I AM as the only Consciousness and Activity. Be sure that your prayer is not an attempt to influence God. Be sure that your prayer is not a desire to improve God's universe. Be at peace: God *IS*.

Rest in the deep, clear well of contentment within you. I AM already is. Peace already *IS*.

There are no powers of evil external to yourself. Discords have no external existence. Resolve them within your own consciousness. "Why do the heathen rage, and the people imagine a vain thing?"

There is an insight in man that visions through all appearances. Be at peace. I AM, *IS* alone overcomes the world. Take your discords into the well of contentment; wash them, and behold—the grace of God! "My peace I give unto you."

Be not dismayed: "It is *I*." There are no limitations external to yourself. Be free. Be content with that which is. Abide in the deep well of contentment. *I AM. It Is.*

Men, judging by human standards, complain that prayer is not answered. To benefit by prayer, it is necessary to give up all personal concepts of good. Do not try to fit answered prayer into the mold of human desire. Truth is infinite; therefore, Truth cannot be known in finite terms. Go to God as an empty vessel, desiring fulfillment in God's way and measure.

God is not in the human scene. If you were aware of the significance of this statement, you could lay down your life and pick it up again, at will. Life is not at the mercy of matter.

Gaining an awareness of God does not *produce* harmony. *God's presence is the harmony.* The only error is the sense of God's absence. The awareness of God does not dispel error—God Itself is the only harmony.

No one can reveal God to another, but by revealing the nature of prayer, we place him in a position to receive the God-experience. The God-experience can come only through the correct understanding of prayer, since prayer is the point of contact with God; prayer is the avenue of awareness of God; prayer is the preparation of consciousness for the God-experience.

Seeking guidance from God at this stage of your unfoldment will set up a sense of separation from God: It gives a sense of God and someone needing help, direction, or wisdom. Actually, *you need to let God be your life*—then It lives, acts, performs, *and IS your very being.*

In our beginning days of meditation, we pondered or contemplated God, the qualities and nature of God, as we understood Him. As we rose higher in consciousness, we learned that any idea of God that we could entertain was not God Himself, but was only a concept of God. Thus we entered the stillness of mind leading to the deep silence of *My peace*—and *experienced* God.

In our student days we sought God, or Truth, as a means to health, peace, security, safety, and harmony. Now we *know* that these are not to be found outside of I AM, and that the experience of God is our only desire.

Seeking the objects of good, such as pleasures, things, and places, for the joy of them is a barrier to spiritual unfoldment. Seeking only the realization of God, pleasures, things, and places of joy naturally come into our experience. Then our pleasure is greater in the realization of their Source.

Words and thoughts in prayer are helpful as long as they lead up to the atmosphere of the true communion, which is without words and thoughts. When words and thoughts alone constitute prayer, they become a barrier to the attainment of God-awareness.

Do not be misled, here is the secret: Fill your consciousness with the word of God; hear It; read It; ponder It; mediate upon It. This enriches and ripens consciousness, and this deeper, purer consciousness now becomes the cause, law, substance, and activity of your existence. This nobler consciousness which has evolved through study, practice, and meditation attains the conscious communion with God, and reaches through to the deep silence of *My peace*. Then you are lifted into a realm of atmosphere transcending words and thoughts.

The mere reading of truth is but an acquisition of knowledge, not a deepening and enriching of consciousness. *It is the deepened and enriched consciousness which is the Christ unto your experience.*

We do not live on the mortal plane of consciousness where evil can happen. God is not in the realm or reach of mind or thoughts. You must transcend mind and thought in order to reach God.

Any response on a lower plane than pure consciousness is from one's self rather than one's Self. O Students! Do not strive or seek for heavenly riches in human consciousness. Wait! Wait!

*Seek a higher level of consciousness:* There the treasures of the I AM are as free as air. It is a mistake to believe that human desire and prayer will bring God to your side. There must be a rising in consciousness until It's Presence is attained—and there rest. Here truly is a perennial rest from care, concern, doubt, and fear.

### Abundance Class Five-January 9th, 2012

1. The world consciousness belief is that supply is outside of us, out in the world, and that we must struggle to get it. However the truth is: 'I AM Supply' and 'I AM' is my supply. Once we have become enlightened to this truth, we must keep introducing this truth into our minds.
2. On any day, an appearance might come into our life, and the old programmed mind might be tempted to say we don't have enough, but our response must be that we are no longer judging by appearances, instead we are observing the truth and the truth is: 'I have supply the world knows not of.' As we dwell on this truth, we are re-programming our minds to truth, and the old beliefs of duality and lack will begin to fall away.
3. Now we have begun the process of being reborn into the consciousness of Omnipresent Abundance and ready to experience: 'I AM here and I AM there, and I AM everywhere' and we are beginning to allow the 'Great I AM' that is within us and around us to reveal this truth of Abundance into our everyday physical lives.
4. As Money, Supply, and Abundance begins to increase in our lives, next we must attain a permanently expanding and maintained consciousness of supply.
5. For this, we must daily let go of the world belief in two powers, duality, and allow the new higher consciousness of One Power, One Presence, and One Intelligence, the Power of 'I AM' to reveal itself in us that it may act through us and as us.
6. To experience the truth that we are Divine Individualizations of the 'One Great Presence I AM', we must daily empty ourselves of the belief in two powers, and to empty ourselves of a personal sense of self that we might be trying to make rich.
7. When we realize that the Abundant Self IAM that we really are, is God, then we are ready to make ourselves willing Instruments invoking the fullness of the 'Abundant I AM Presence Self' to reveal, express, and fulfill itself through us. As we gain our momentum, does this Divine Presence Self reveal itself as us.
8. Upon these passages we are more able to comprehend our mind. Our mind is a beautiful instrument, and it will accept anything we give it or program it with. Now we must keep our mind filled with One Power, so that with every appearance of two powers, we are holding the truth in our mind and reminding ourselves: "No! I accept only God, I AM, as the only Power, therefore this appearance is nothing but an illusion and I no longer give illusions any power.
9. We remind ourselves there are many seeming laws. There are legal laws, material laws, mental laws, and as they try to come up against our new awareness of One Law, we stand, face, and conquer and declare: "No I do not accept them! I accept God alone, the great 'I AM' as the only law!
10. As we do this, we let go of old fears about other seeming laws and we are reborn into the Consciousness of 'One Law, One Power' and we endeavor through meditation and contemplation, the art of letting go, to be instruments of that 'One Power' and 'One Law' expressing through us until in the fullness of our Resurrection, when that 'One Power' and 'One Law' is expressing as us. God bless you!

 Be Grateful, Be Thankful... It is already done! No room for Doubt! Doubt will change the outcome.  
Doubt is a Resistance = False God

**Manifestation Homework:** Begin using “**The Formula**” every day at the same time.  
 For momentum use “**The Formula**” 2-3 times a day.

Contact your manifestation partner daily. Always put **God** first! Next; Pray/Meditate/Sacred Fires. Qualify your day and now you can “**let go and let God.**” **God** is now on the job. **God** will take care of all the details. **All** things that need to be **considered**.

## Abundance Class Ten, June 15, 2012

- ❖ A new way of approaching appearances...we do not internalize them
- ❖ To the world of appearances, our message is 'Thus far and no further!'
- ❖ What and Why! What is it that I desire regarding money, supply, and abundance and why?
- ❖ I value what is going on in my mind and feelings, I consciously choose! I realize peace and harmony are a natural environment inside me that allows a consciousness of abundance to unfold.
- ❖ Connecting with your inner truth centre through contemplation, meditation...asking big questions... 'What is it that desires to come forth in me?'
- ❖ Is it possible that all my constructive desires are not just me desiring? Is it possible that my desires are God My I AM Presence desiring in me and through me. Has God the I AM Presence ever failed at anything?
- ❖ The I AM Presence speaks:

I AM the Resurrection and the Life!

I AM the Ascension in the Light!

I AM the Open Door which no man can shut!

I AM the Presence that moves into action at the human call, and human creation and limitation move out without struggle!

I AM the Presence, the only Presence that ever acts. You are the qualifier, that changes my Perfection into human limitation and discord!

I AM ever pouring forth into your mind and body the Fullness of My Light and Perfection. You in your Free Will and qualification, are constantly requalifying My Perfect Energy into that which you do not want!

I AM the Presence that enables you to feel that the money you require for use is My Gift and Substance to you, in the form of money, and when I give the Freedom of Divine Love acts. Then, know that I AM the only Giver of all money that comes to you, or ever will come to you. Therefore when you call to Me, I answer you through avenues you dream not of. You cannot be deprived of money for things to use when you call the Mighty I AM Presence into action for 'I AM' the only Intelligence that can act! I AM the only Power that can act. I AM the Enfolding Light of Divine Love forever active, that releases your requirements through Divine Love, forever sustained. I AM the Light of your Life. I AM the Mighty Energy that sustains you and gives you Intelligence by which to act. I AM the Resurrection of your Life now!

## "Listen" by Beyonce

Listen to the song here in my heart  
A melody I start but can't complete  
Listen to the sound from deep within  
It's only beginning  
To find release

Oh,  
The time has come  
For my dreams to be heard  
They will not be pushed aside and turned  
Into your own  
All cause you won't  
Listen...

*[Chorus:]*

Listen,  
I am alone at a crossroads  
I'm not at home in my own home  
And I've tried and tried  
To say what's on my mind  
You should have known  
Oh,  
Now I'm done believing you  
You don't know what I'm feeling  
I'm more than what you made of me  
I followed the voice you gave to me  
But now I gotta find my own.

You should have listened  
There is someone here inside  
Someone I thought had died  
So long ago

Oh I'm screaming out, and my dreams will be heard  
They will not be pushed aside or worked  
Into your own  
All cause you won't  
Listen...

*[Chorus]*

I don't know where I belong  
But I'll be moving on  
If you don't...  
If you won't...

...listen to the song here in my heart  
A melody I've started but I will complete  
Oh,  
Now I'm done believing you  
You don't know what I'm feeling  
I'm more than what you've made of me  
I followed the voice you think you gave to me  
But now I gotta find my own,  
My own.

Abundance Class 33, May 17, 2014

A Consciousness of Abundance, the Energy of Abundance  
And the Manifestation of Abundance

As we reflect upon our Course in Abundance, and all that has been studied, we accept that our Consciousness of Abundance, all our beliefs, perceptions, concepts, attitudes, emotions, and our historical experience of Abundance in our lives, is now changing. As we move forward, some things to consider...

1. We live our life in the Fullness of our Presence, therefore fear is no longer an option, becoming fearless is our natural way of becoming
2. As Faith, Hope, and Charity are our natural way of being, we no longer allow ourselves to engage in worry or doubt.
3. As Peace and Harmony at first seems a choice, eventually these qualities grow in us and become that natural way we love to feel.
4. We made a choice to end all conflict within ourselves and to choose again essential harmlessness, lived from the inside out.
5. We have discovered that as we look after all our inner activities of mind, vision, feelings, and energy, our world loves to reflect the effort we make.
6. Today we love to live from the inside out, a powerful force of light and love to the world.
7. Today we know that where situations in our lives beg solution and resolution, we turn within, we give these situations to our Presence within, knowing the answers and solutions will come forth.
8. Today we value preciously the Power of our Attention and the Power of Qualification. We understand the importance of knowing our Intention, and the Power of Momentum.
9. We remember the gift of our breath, to consciously breathe, and we have chosen expansion over contraction.
10. We take the time to know what is important to us, what we value, we take time often to look at our own lives and identify what is useful, what is useless.
11. Our lives are no longer trial and error, rather ease and grace, always willing to be shown how easy can it be.
12. We have discovered the Power of Saying Yes to Life, every single day.
13. We have chosen to make our minds, feelings, and our bodies, our friends. We have chosen to direct and experience a friendly environment inside ourselves
14. Today we know there are Spiritual Formulas we can apply that are as exact in their application and fulfillment as any mathematical or scientific formulas.
15. We have discovered the Power of letting go, and that sometimes our lives calls us to another plateau where we know moments will come for us to let go once again.
16. We have discovered the Power of Embrace, when and where to apply it.
17. We are ready to discover how powerful we are when our minds, vision, feelings, and our physical body are all in harmony with each other.
18. We understand that we can be both a channel and conduit for the energies of abundance; we can also be the directing intelligence of abundance energies. I AM.
